

INTERIOR V3

PROTECTS THE MOST DELICATE OF AUTOMOTIVE INTERIOR CABINS.

Made with softer and flexible polymers that will not harden, dry out leather, or product an unsightly gloss finish to interior cabin materials. Coated leather retains its natural texture, matte finish and feel. Keeps your interior cabin in showroom condition with protection from stains caused by spilled liquids and fabric dyes that can otherwise discolour or age surfaces.

Chemical Resistance: pH5 - pH12

PRODUCT FINISHING

- Slick & smooth
- Enhances matte shine
- Darkens matte surfaces
- No hard/dry leather
- No glossy finishing
- No streaking/smearing

Available sizes: 30ml, 100ml, 500ml, 1L

- 1 year maximum durability
- Repels liquids
- Safe on all materials
- Slower UV Degradation (Hydrophobic Property)
- Corrosion resistant
- Chemical resistant
- Anti-fouling
- Low surface friction
- Easy cleaning
- Fuss-free application
- Less staining
- Does not discolor
